

New Delac

with **Wave Style** Components

- The Wave Style brings out the feeling of naturally fabric.
- Wheel type Rollers achieve super smooth operation.
- Exceptional durability satisfying the strict demands of a 10,000 open/close test.

New Delac with Wave Style Components

Wave Style Components' Unique Features

- The Wave Style creates a feeling of naturally flowing fabric.
- The curtains are draped in gentle waves about 1.5 times the width of window, resulting in a continuity of pattern and texture.
- There is a natural wave in the curtains at intervals of 80 mm (3.2").
- With its tape and accessories, it creates natural, elegant symmetrical waves.

*Pleating cord keeps waves evenly shaped, making the curtain rich and stylish.

Wave Style Structure

- Even number of hooks used in all cases.
- Rollers spaced at 80 mm (3.2") intervals to produce waves.
- Both left and right sides of curtains always end in troughs.

*To make appealing wave style curtains, use Flat Tape and Pleating Cord.

*Fabrics with soft weft threads and stiff warp threads such as plain weaves are advisable (Blackout fabrics are not recommended).

Insert the Pleating Cord into the New Delac Wave Style Roller.

Wave Style Curtain

How to Sew Curtain with Flat Tape

The Flat Tape for finishing the curtain wave appropriately.

Sewing Tips

- 1 Put Flat Tape upside down so as to overlap about 15–20 mm (.59–.79") from the top edge of the curtain front side and sew it.
- 2 Fold the curtain fabric once on the back side and sew it.
- 3 Fold the curtain fabric 3–5 mm (.12–.20") away from Flat Tape.

How to Sew Curtain with Weight Tape

Put the Weight Tape in the curtain hem makes a appropriate curtain wave.
The Weight Tape is flexible, so it will be finished in a natural wave.

Sewing Tips

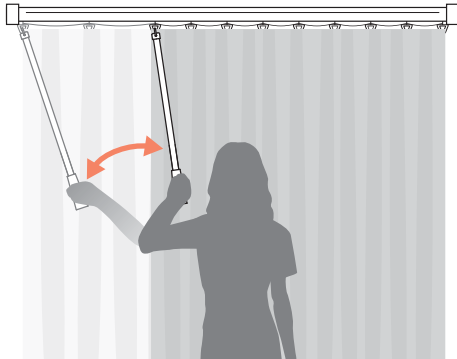

- 1 Weight Tape (Stuff to full width of the curtain)
 - 2 Close by hand sewing
- 1 Prepare the weight tape more than the width. Put the full width in the folded part of the hem.
 - 2 Close hand-sewn from the back side for each seam so that the Weight Tape becomes average.

New Delac with Wave Style Components

Curtain Baton (Option)

Using the Curtain Baton, the curtain opens /closes smoothly.
The Curtain Baton has the following effects, keep the shape of the curtain and prevent dirt.
